Our museum is an all volunteer organization. The North Alabama Railroad Museum (NARM) is an Equal Opportunity organization open to all individuals, 18 years old or older, who share an interest in railroads and the preservation of railroad history.

Established in 1967, the North Alabama Railroad Museum has evolved from a small club to a museum operating a five-mile railroad. The museum is located on the grounds of the historic Chase Nursery and is dedicated to the preservation of railroad history in North Alabama and South Central Tennessee area.

Work session for members are on Wednesdays and Saturdays beginning at 8 AM. Business meetings are once a month on Saturday at about 11:45AM.

A Non-Profit Educational Corporation

Membership Application

North Alabama Railroad Museum

Preserving the History of Railroading

An invitation for you to become a member of our organization and a part of railroading and railroading history.

The North Alabama Railroad Museum

This is your invitation to join our museum. Members of the North Alabama Railroad Museum (NARM) love trains and are dedicated to preserving the railroad history of North Alabama and South Central Tennessee. Founded in 1966 as the Muscle Shoals Railroad Club, the organization has grown in scope and membership. Incorporated in 1967, the NARM is recognized by the IRS as a non-profit educational organization and all donations are tax deductible. The nearly 150 members come from every walk of life and while most live in North Alabama, many live in other states throughout the U.S.

The objectives of our museum organization include:

- ✓ the collection, preservation and restoration of full size railroad materials such as timetables, photographs, brochures, books, etc.,
- ✓ the preservation of information, maps, drawings and related materials dealing with area railroads:
- ✓ promoting, developing and operating a railroad museum

- ✓ the operation of a full size five mile railroad
- ✓ educating the public on the role and history of this country's railroad systems.

Our museum is a member of the HeritageRail Alliance (formerly ATRRM). This organization fosters the development and operation of these unique preservation efforts through education, research, and the free exchange of information among members. Members may attend conventions sponsored each year by this organization. We are located at 694 Chase Road in the community of Chase, Alabama. Nearly fifty pieces of major rail equipment including passenger and freight cars and five locomotives have been preserved and are being restored. Five miles of the 1887 Huntsville branch of the N.C. & St. L. line has been purchased and is now in operation. Maintenance of Way (MOW) equipment consists of several push cars and a motor inspection car.

We are involved in a number of activities. Some of these include:

- Publication of a monthly newsletter covering museum projects, excursion schedules and rail news.
- Quarterly membership

socials which may include rail-oriented programs.

- Regular work sessions for the restoration of equipment on Wednesdays and Saturdays
- Presentation to schools, clubs and civic groups on rail history and the museum's programs.
- In addition to the quarterly meetings, the museum has for its members the annual "Christmas on the Train" party.
- Publication of books documents and papers dealing with railroad history.
- Operating a museum at Chase - members serve as tour guides, operate concession booth, prepare exhibits, operate the train, etc.

If you love trains and will support the objectives of the museum, we invite you to join the North Alabama Railroad Museum. Your membership card is your pass to a unique opportunity to experience nearly every aspect of railroading from small-scale models to full size equipment.

There are research projects, restoration activities, exhibit design and construction, good fellowship, socials and excursions. Should this sound interesting, then fill out the application on the back of this brochure and mail it with your check today.
